I would like to join the meeting when it is scheduled, but I won't fill out the doodle poll since there is no need to schedule around my availability. Thanks for keeping us in the loop!

I am forwarding in case you might be interested in participating. As I mentioned in a previous message, this will focus on process rather than substance.

Subject: 401(a)(2) Process Discussion

Hi all -

The previously suggested date of April 12 to have a 401(a)(2) process discussion is not going to work out. Rather than try to use the MPCA's regularly scheduled meetings with PolyMet, which have fairly full agendas, I think we should just schedule a separate conference call. I don't expect it to take more than an hour.

So I can schedule, please fill out this poll and we'll work out a date. I've only picked dates prior to the April 19th DNR permit to mine meeting, due to a desire to be sure we have complete information about permitting processes for that meeting.

Please share this link to others who should attend.

Thanks.
